Occupational Safety and Health Net@work Brandenburg

Not only the economy needs innovative models for efficient communication channels and offers of information. Sometimes the information jungle is difficult to look through, as it has too little structure.

What do we do in a different way?

We offer certified information with the help of user-friendly structures via internet.

The OSH authority of Brandenburg is part of the European network for safety and health at work.

We do our best for keeping information transparent.

For you this means: Existing knowledge is better accessible through a well-developed network. You can ask questions and give comments.

Thereby we support employers and employees, safety experts and the labour inspectors of OSH authorities.

What kind of information regarding safety and health at work do we provide you with?

- Competence in Brandenburg
- News and important matters in Europe, Germany and Brandenburg
- Manuals and decision guidance
- Practical solutions
- Forms for announcements and requests
- Acts and regulations
- Professional databases
- Further links, which are being updated steadily

Selected information categories

Further categories

Service

• Forms

Do you want to submit a request regarding safety and health at work or make an announcement according to the law? You can do that around the clock (24/7) via the internet. Potential ways, waiting time and the compliance with opening hours lose their importance. Subject areas, which you can use the electronic forms for, are among others:

- ↳ Advance notice for building construction work
- ↳ Work on Sundays and public holidays
- ↳ Legal protection for expectant and nursing mothers
- ↳ Participation of children and teenagers in film and tv-productions
- ↳ Occupational medical prevention
- ↳ Selling of fireworks
- ↳ Airbags
- ↳ Explosives Act

• Search in professional databases

You find information regarding dangerous substances, noise, vibration as well as safety of equipment and products, market surveillance etc..

• Law

- ↳ Law of the federal state of Brandenburg
- ↳ Federal and European Law

Other stakeholders in OSH
